

The DANUBE UNITE! song
“Moving, meeting, growing!”

*This song was composed by a group of people of mixed ages and from different countries along the Danube, who came together in Romania, in the **tiny town of Sulina, the last point in the Danube delta, in the summer of 2014**, for an international encounter organized by the German **Agapedia Foundation** (<https://www.agapedia.de/de/home>). It was an amazing experience, truly inspiring and transforming for all participants, some of which from the organizations in these countries helping children victims of violence, abuse, poverty, and social isolation, and other participants who were these children themselves, empowered to dream for a better possible world. All of their bread creations and characters became part of this song using the Bread Houses Network’s Kitchen Music method.*

Enjoy!

“Moving, meeting, growing!”

Our story starts with one big heart,
as all are different but form one part!
The Danube carried us along its way,
and everyone enjoyed the rain!

Chorus:

*We are the leaf veins flowing:
Moving, meeting, growing!*

We saw a lot of flowers
and inside we felt like flowers.
Our steps took us to the sun,
as we help children always stay one.

Chorus:

*We are the leaf veins flowing:
Moving, meeting, growing!*

Now the circle of life connects us forever,
with Agapedia we met and made friends now and ever.
First we traveled the Donau “we don’t know how”,
Here is the time to...”do now!”

Chorus:

*We are the leaf veins flowing:
Moving, meeting, growing!*

The Agapedia snail takes its house all around,
making home for all the people it found.
The sunflower reminds us of Europe united,

and even the snakes couldn't divide us!

Chorus:

*We are the leaf veins flowing:
Moving, meeting, growing!*

We learned to love each other
and speak with souls like brothers!
We broke one bread like Christ and His friends,
and now we are all one heart...across our lands!

Chorus:

*We are the leaf veins flowing:
Moving, meeting, growing!*
